#### Note 2

Wastes accepted under these codes (02 01 02 and 02 02 02) will be limited to DAF Sludge from Birds Eye Ltd. Lowestoft and effluent sludge that contains poultry feathers from 2 Sisters Foods, Buxted. Also included under these codes are wastes generated by work that involves sea water (i.e. cooling systems at Sizewell power station) as these wastes inevitably end up with sea animals contained within the waste removed. Although both these wastes are not category 3 meat products they are still classed as animal tissue wastes and will only be accepted for disposal by the site, using the method stated in the application (neutralisation and subsequent land injection).
