

Environmental Policy Statement:

The company is committed to improving environmental issues within the company. We believe that it is an essential part of improving the future benefit of the Global, National and Local environment.

The principles of our environmental policy are produced below:

- Our management team is commitment and aware of the need to care for the environment in a proactive form.
- Doing all we can, reasonably and practically, to protect our natural habitat.
- Managing our resources to save energy, reduce wastage, promote recycling and avoid damage to the environment.
- Consulting with a wide range of local organisations and individuals with an interest in environmental matters.
- Energy saving schemes, making staff aware of switching appliances/lighting off when not required.
- Regular monitoring of our activities and review our policy.
- Advising our customers of controlling/storing and recycling waste more efficiently.
- To work closely with the Environmental Agencies in a bid to reduce pollution and waste to landfill.

In addition the company is committed to:

- Operate in a socially and ethically responsible manner.
- Maintain the highest standards of Health and Safety.
- Respect the Global, National and Local environment.
