

M. GAZE & CO LTD **ENVIRONMENTAL POLICY STATEMENT**

M. Gaze & Co Ltd is committed to improving environmental issues. We believe that is an essential part of improving the future benefit of Global, National and Local Environment.

The principles of our environmental policy are produced below:

- Our Management team is committed and aware of the need to care for the environment in a pro-active form
- Doing all we can, reasonably and practically, to protect our natural habitat
- Managing our resources to save energy, reduce wastage, promote re-cycling and avoid damage to the environment.
-
- Consulting with a wide range of local organisations and individuals with an interest in environmental matters.
- Energy saving schemes, making staff aware of switching appliances/lighting off etc when not required.
- Regular monitoring of our activities and review our policy.
- Advising our customers of controlling/storing and recycling waste more efficiently.
- To work closely with the Environmental Agencies in a bid to reduce pollution and waste to landfill.

In addition, M. Gaze & Co Ltd is committed to:-

- Operate in a socially and ethically responsible matter.
- Maintain the highest standard of Health and Safety.
- Respect the Global, National and Local Environment.
